

COVID-19 & Other Information

Dear Friends,

We continue to closely watch updates and information regarding the COVID-19 and containment recommendations for our area. Our community and your safety are our priority. We will continue to support the prevention of the COVID-19 virus by following federal and state health mandates and suggestions to protect the health and well-being of our community and the Three Monkeys family. It is up to us all to help one another. Social Distancing is important so help us help you by keeping your distance when you can.

Please, if you are not feeling well and/or think you have been exposed to someone with COVID-19, respect the wellbeing of others as well as yourself and stay home. Please take care of yourselves and your loved ones.

Some extras....

- Dining area and bar are OPEN! New partitions have been installed between dining booths for your added comfort.
- Outside dining available – weather permitting. We have extended our outdoor seating into the parking lot to better accommodate our diners.
- Curbside pick-up option available. Please call ahead to place your order.
- Several hand sanitizer stations have been added for use by our customers and staff alike.
- Take advantage our ON LINE ORDERING
